

THE RACE PLACE

FLEXI RETRO RACING

**If It's Not Mentioned
It's Not Legal**

All classes will be run on the Hurricane. One car per driver one driver per car.

Racers are encouraged to present cars with scale realism. Bodies must be presentably-painted and carry at least three racing numbers. Front and side windows must be clear. No part of the chassis may be seen when looking down on the car from above. Tires must be fully visible when view from side of car.

Interior: All bodies must contain a painted (at least three colors), fully-molded, three dimensional Interior, comprising a driver (helmet, shoulders, and arms), a steering wheel, and cockpit representation. An interior may be mounted in any manner as long as it fully covers the chassis when viewed from above. Interiors are to be mounted with the driver facing in the proper direction. Interiors must be presentably painted and realistically detailed. All cars must pass tech. Track clearance tech will be .047" under rear of chassis from tire to tire 1/24 scale cars may not exceed 3 1/4" width. All classes may use any guide flag and nut. May solder in, Motors, motor bushing, lead wire, lead wire holder, front axle, front wheel keepers, axle bushings, and rear chassis brace. Tape and lead weight on chassis ok, you may tape body clips in. May change lead wire, independent front wheels are permitted in all classes. 8 lanes European rotation. **Spoilers and Air Control: USED ON GT COUPE AND JK ROADSTER ONLY:** A single, flat plastic spoiler set at any angle may be added to the rear of the body. Spoilers may not be attached on top of the body. The spoiler's height is limited to a maximum of 1/2" (12.7mm) from the rear top edge of the body and must be no wider than the outer edges of the body. No additional bends are allowed except for the one used to set the initial angle. No notches can be cut in the spoiler above the bend line. The .500" dimension shown below is the maximum allowed height of the spoiler from the edge of the body. This is where the bend line in the spoiler is positioned.

Straight - no holes - on the section
above the bend line.

Cut outs above the bend line not allowed.
No punched holes.

GT COUPE

SAME AS OUR FRIDAY NIGHT CLASS WITH A BODY CHANGE

- Chassis:** 4" parma flexi 1, flexi 5, or JK Cheetah 21 only you may NOT interchange parts, cut, grind or Bend chassis from original shape.
